

## **PRIVACY POLICY - DATA PROTECTION INFORMATION**

In accordance with Regulation (UE) n. 2016/679 (hereafter also referred to as "GDPR") and Italian laws (in particular d.lgs. n. 196/2003 and subsequent amendments), we inform you how we process your personal data.

### **1. Data Controller**

Fabbrica Dallara S.r.l., with its register office in (43040) Varano de' Melegari, via Marconi n. 18 (PR), Italy, e-mail: [privacy@dallara.it](mailto:privacy@dallara.it) (hereafter also referred to as "Data Controller").

### **2. The categories of data that we process**

#### Personal data

Relevant personal data categories may in particular be (hereafter also referred to as "Data"):

personal identification data (name, date of birth, place of birth, nationality, contact person and/or similar data); contact data (address, administrative address, telephone number, e-mail address and/or comparable data and all the information useful to enter into relationship with you and your organization/collaborators); vehicle identification numbers and/or maintenance and repair information relative to vehicle.

The Data will be processed by trained staff, and communicated only to designated employees for the purposes described above.

The Data will only be collected, processed and/or used if you provide us with it voluntarily in order to use the services and contents (including the Technical Information) on the website <https://dpn.dallara.it/> in accordance to "GENERAL TERMS AND CONDITIONS OF REGISTRATION AND USE THE DALLARA STRADALE PORTAL NETWORK AND THE DALLARA STRADALE DIAGNOSTIC EQUIPMENT". If it is necessary to pass the Data on to third parties, for example to collect the purchase price per credit card, the Data will be transmitted to these third parties.

#### Navigation data

The computer systems and the software procedures used for the functioning of this website acquire, during their normal operation, some personal data whose transmission is implicit in the use of Internet communication protocols. It deals with information which is not collected to be associated to interested identified parties, but which by their very nature may, through elaborations and associations with data held by third parties, allow to identify users. This category of data includes IP addresses or names retained by computer used by users who connect to a website, URI addresses (Uniform Resource Identifier) of resources requested, the time of request, the method used to submit the request to the server, the file size obtained in response, the numerical code indication the status of the response given by the server (successful, error, etc.) and other parameters concerning the operating system and the user's computer environment. These data are used only

to obtain anonymous statistical information on the use of the website and to check its correct functioning.

Legal defense: your personal data may be used for the defense by the Data Controller in court or in the stages leading to legal action, against improper use of the same or related services by you. The data may be handled to ascertain responsibility in case of hypothetical computer crimes against the site.

Maintenance: your personal data may be handled with additional methods and objectives related to the maintenance of the systems.

#### Cookie

See at the dedicated chapter: Cookie Policy.

### **3. Purpose of data processing**

The Data Controller processes the Data for the correct management of the existing business and service relationship in accordance to "GENERAL TERMS AND CONDITIONS OF REGISTRATION AND USE THE DALLARA STRADALE PORTAL NETWORK AND THE DALLARA STRADALE DIAGNOSTIC EQUIPMENT".

In particular, the Data voluntarily provided will be used for the following purposes, unless otherwise notified:

- to surf the current website and have your specific account;
- for sending information required by you;
- to access/use/purchase the services and the contents (including the Technical Information) on the website;
- for administrative-accounting activities in general (for the correct management of the existing business and service relationship in accordance to "GENERAL TERMS AND CONDITIONS OF REGISTRATION AND USE THE DALLARA STRADALE PORTAL NETWORK AND THE DALLARA STRADALE DIAGNOSTIC EQUIPMENT"). For the application of the provisions regarding the personal data the processing carried out for administrative-accounting purposes are those related to the performance of organizational, administrative, financial and accounting-type activities, regardless of the nature of the data processed. In particular, the internal organizational activities pursue these purposes, those functional to the fulfilment of contractual and pre-contractual obligations, information activities.

### **4. Nature of conferment**

Apart from what specified for navigation data, the provision of Data is mandatory for the implementation of the existent relationship. The refusal to provide Data implies the impossibility for the Data Controller to proceed with the establishment of the relationship and its timely execution.

In fact, you only need to provide Data that is necessary for the commencement and performance of the business relationship or for a pre-contractual relationship with us or the collection of which we are required by law. Without these data, Data Controller is generally not able to conclude the agreement or continue to perform

such. This may also relate to Data that is required later within the framework of the contractual relationship.

## **5. Rights of the person concerned**

You may exercise the rights expressed in article 15 and seq. of Regulation (UE) 2016/679, by contacting the Data Controller. For example, you have the right to obtain information on the following: a) the confirmation of the existence or not of Data and their origin; b) the handling purposes and methods; c) the updating correction or, when it occurs, the integration of data. You can always ask for complete specification of the processing and your rights by writing to the contacts made available by the Data Controller and indicated at the beginning of this information.

If you believe that the Data processing breaks the Regulation (UE) 2016/679 Regulation, you have the right to lodge a complaint with a supervisory authority, the Data Protection Authority.

## **6. Methods of data processing**

Data handling is performed by using computer procedures or other electronic means or printed material handled by internal or external personnel specially assigned for this purpose and pledged to confidentiality. The Data are stored in electronic files with the complete assurance of security measures laid down by the legislature.

## **7. Communication and dissemination**

The Data collected shall not be subject to disclosure or dissemination.

Within the company of Data Controller, the Data collected may be disclosed to the affiliated entities of company and/or the company employees/collaborators in charge of the processing of personal data designated by Data Controller.

## **8. How long the Data is kept**

We will keep the Data for the entire duration of the business relationship and, in particular, for a period deemed strictly necessary to fulfil such purpose. Therefore, we will store and process the Data until the business relationship will be terminated or until you will request cancellation from this website (<https://dpn.dallara.it/>), however the Data may still be kept for fulfilling tax or financial obligations or other obligations required by laws.

## **9. Changes to Privacy Statement**

The Data Controller reserves the right to modify, update, add or remove parts of the current Privacy Policy at his discretion and at any time. The person concerned has to check periodically for any changes. In order to facilitate such verification, the information notice will contain the date of updating of our privacy practice. The use of the website, after the posting of changes, will constitute your agreement of the same.

## **COOKIES POLICY**

The application software may contain "cookies" technology. Cookies are primarily used to facilitate user navigation. Cookies can provide information on navigation inside of the Website, thus allowing the functioning of some services which require the identification of the user's path through different pages of the Website. For any access to the portal regardless of the presence of a cookie, the type of browser and the operating system are recorded (ex. Microsoft, Apple, Android, Linux, etc...), the Host and the source URL of the visitor are recorded, as well as the data on the page requested. However, the user has the opportunity to set his/her own browser so as to be informed when you receive a cookie and thus decide to eliminate it. Further information on cookies is available on websites provided with browsers.

### **What are cookies?**

Cookies are strings of small text stored on your computer when you visit certain pages on Internet. In most browsers cookies are enabled, at the bottom the necessary information required to change your cookie settings in your browser. Cookies are not harmful to your device. In the cookies which we generate, we do not store personally identifiable information, but we use information to improve your stay on the website. For example they are useful to identify and resolve errors.

Cookies can perform several functions, such as to navigate between different pages in an efficient manner and in general can improve the user's stay. The owner reserves the right to use cookies with the users consent where the applicable law or regulations so stipulate, to facilitate the navigation on this website and customise the information which will appear. The holder reserves the right to use similar systems to collect information about users of the website, such as the type of internet browser and operating system used, for statistical purposes or security.

### **Types of cookies**

Then the cookies are "session" and "persistent", the first, once downloaded are then deleted when you close the Browser, the second are stored until their expiration or cancellation. The session cookies used are intended to expedite the analysis of Internet traffic and to facilitate users to access the services offered by the website. Session cookies are primarily used during authentication, authorisation, and navigation services to which you access by registration. Most browsers are initially set to accept cookies. If you do not wish to accept cookies, you can set your computer to refuse cookies or to alert you when they are stored. If you refuse cookies some website features may not work properly and some of the services may not be available. The use of so-called session cookies is strictly limited to transmitting session identifiers, which are necessary to allow safe and efficient exploration of the website. Such data are often technical in nature, temporary validity and are not collected for the purpose of identifying users, but because of their operation and in combination with other data retained by third

parties (such as the Internet service provider of the person concerned), may allow identification. First-party cookies are readable only to the domain which created them.

### **Which cookies we use**

Cookies are strictly necessary for the functioning of the website. Cookies are essential for the navigation on the website (for example, session IDs) and they allow you to use the main features of the website, and to protect the connection. Without these cookies, you will not be able to use the website.

### **Help cookies for navigation**

These cookies help the navigation. For example, they store information about the preferred language, the cart, the authentication.

### **Third Party Cookies**

This website uses the following third-party cookies. In particular Google Analytics. Google Analytics is a stats website, for example counts the number of visitors, what kind of technology they are using (for example Mac or Windows), how long they spend on the website ... All data collected is anonymous and in aggregate. For the operation of cookies in Google Analytics, you can consult the official documentation provided by Google by clicking this link <http://code.google.com/apis/analytics/docs/concepts/gaConceptsCookie.html>. Also in this case are analysed in aggregate data exclusively for statistical purposes to improve the website. For information about their cookies policy <http://www.addthis.com/privacy/privacy-policy>.

### **How to disable cookies?**

Most browsers accept cookies automatically, but you can also choose not to accept them. If you don't want your computer to receive and store cookies, you can modify the security settings on your browser (Internet Explorer, Google Chrome, Mozilla, Firefox, Safari, etc.). There are several ways to manage cookies and other tracking technologies. By modifying your browser settings, you can accept or decline cookies or receive a warning before accepting a cookie from the websites you visit. You can delete all cookies installed in the cookie folder of your browser. Each browser has different procedures for handling settings.

Cookies can be disabled directly from their web browser. For more detailed information refer to the cookie deactivation option here is the list of links for the configuration of popular browsers.

- [How to disable cookies in Firefox](#)
- [How to disable cookies in Chrome](#)
- [How to disable cookies in Internet Explorer](#)
- [How to disable cookies in Safari](#)
- [How to disable cookies in Opera](#)

If you do not use any of the browsers listed above, select "cookies" in its help section to find out where is your cookie folder.

### **Consent**

The consent is freely expressed by the user with navigation, having taken vision of the short information notice. Please note that at any time permission can be revoked and you can proceed with the disabling of cookies as described above.

### **Other links**

To provide better service to the User, this Website may contain links to other web sites ("Links"). Data Controller disclaims any liability with regard to the contents and materials available at this websites or available through them anyway. Any information concerning the websites link must be addressed only to the website administrators in question.

### **Changes to this privacy statement on the use of cookies**

To be always updated, the information on the use of cookies is periodically revisited.

The last update to this policy on the use of cookies goes back to May 25, 2018
